	The purpose of this modification is to: 1. Extend the IGSA through 11/28/2025 and 2. Incorporate the interim agreement into IGSA # EROIGSA-15-0006 as follows: Interim Agreement - Preserving the Active Service Agreement Status The Government and the Contractor mutually agree to extend EROIGSA-15-0006 for the sole administrative purpose of preserving the active status of the service agreement to allow the Government to complete its internal review process before it can award a new agreement. Performance is not authorized during the period of the interim agreement, and the Contractor shall not incur any costs, including subcontractor costs. The Government's obligation for performance of this contract or order beyond 10/28/2025 is contingent on the Government making appropriated funds available, from which payment for service agreement purposes can be made. No legal liability on the part of the Government for any payment may arise for performance under this service agreement beyond 10/28/2025, until funds are made available to the Contracting Officer for this service agreement and until Contractor receives notice of such availability, to be confirmed in writing by the Contracting Officer. The Government and the Contractor agree to release each other from the terms and conditions of EROIGSA-15-0006, but only to the extent that such terms and conditions would otherwise be applicable to the period of the interim agreement, pending a final decision by the Government to either continue performance through 11/28/2025 or to allow this interim agreement to end. This interim agreement does not release either party from terms and conditions applicable to the periods before or after the period of the interim agreement. The Contractor also agrees to (1) honor the price established in the contract or order for the remaining option periods under the service agreement or order impacted by this interim agreement. Continued ...

	Furthermore, when the Government applies appropriated funds to the current task order under this service agreement, (1) the Contractor shall not be entitled to submit a claim for any retroactive costs incurred during the interim agreement and (2) the Government and the Contractor agree that the full rights and privileges of the parties are restored. This interim agreement shall remain in place for no more than 30 calendar days effective on 10/29/2025 and ending on 11/28/2025 unless the parties agree to an extension of no more than an additional 30 calendar days through 12/28/2025. For any such extension to be valid and effective, it must be in writing and signed by the Contractor and Contracting Officer. In the event the period of the interim agreement ends without extension of current IGSA or awarding of new IGSA, by the Contracting Officer and the Government does not make funds available for performance beyond 10/28/2025, the parties shall consider the service agreement or order expired and the Contractor shall not be entitled to settlement costs pursuant to any termination clauses in EROIGSA-15-0006. In addition to other consideration herein, the Contractor acknowledges receipt of the following consideration from the Government, and that such consideration is full and adequate for this bargain: the contract remains active, and the Contractor remains eligible to perform work under the current task orders #70CDCR25FR0000108 (Pine Prairie) and #70CDCR25FIGR00256 (Basile), without further competition to receive the work, if the Government elects to direct resumption of continued performance before the expiration of the interim period. In consideration of the modifications agreed to herein as complete and equitable adjustment for the consideration received by the Contractor hereby releases the Government from any and all liability under this service agreement for further equitable adjustments attributable to such facts or circumstances giving rise to, or arising from, the modifications agreed to herein. There are no exceptions to the Contractor's release. During the interim agreement, existing funded orders under 70CDCR25FR0000108 & 70CDCR25FIGR00256 Continued ...
